## PRIDE IN OUR VILLAGE

15 APRIL 2016

We as residents in Cronton live in a very pleasant environment that people outside of our village often admire.

We, of course, make great efforts to maintain the standards but there are areas that we could improve on and this communication is to seek your help on this issue.

In previous years, we have entered the Village of the Year Competition and we intend to apply again for this status in 2016, but to have a chance of winning we would have to raise our standards even more and that would make Cronton an even nicer place to live.

One of the things you as residents can help us with is to ensure that wherever possible that we keep our property frontages free from unwanted items etc, as this enhances the visual impact and as an added bonus impacts positively on local property values.

If you have any unwanted items that you would like to remove and need assistance in doing so, please contact us at the Parish Council either

- By phone 0151 420 0235 and leave a message
- By e-mail [council@cronton49.freeserve.co.uk](mailto:council@cronton49.freeserve.co.uk), or
- By posting a note through the council office at 7 Hampton Drive, Cronton, Knowsley WA8 5BZ

Your support would be most appreciated.

**Cronton Parish Council**

## VILLAGE INSPECTION

Following last summer's successful Village Inspection with Ward Councillors, Parish Councillors and Knowsley Officers, and the subsequent investment and action we saw in the village, we repeated the process on the 15/03/16.

The key issues that we discussed were:

- Continued resurfacing of pavements in Hall Lane and Wheatfield Road.
- Urgent repairs required to the fence and wall barrier between Kenley Ave and Cronton Road
- Schedules and frequency of litter bin emptying.
- Ongoing pothole repair and monitoring.

The Parish Council will continue the communications with both the Ward Councillors and Knowsley Officers.

**Dave Rostance, Chairman, General Purposes and Environment Committee**
